

# NOVOTECH NUTRACEUTICALS, INC.

NovoMin®  
CHELATED MINERALS  
NutraPure™  
NutraMax™  
SoluChel®

Cobalt Amino Acid Chelate    Chromium Polynicotinate

NovoMin® chelated minerals and SoluChel® for soluble chelated minerals are developed from Novotech's cutting-edge research and manufactured under U.S. patented process. NovoMin® products include both NutraPure™ (mineral to ligand ratio - 1:2 to 1:4) and NutraMax™ (mineral to ligand ratio - 1:1 to 1:2) chelates.

Chelated Minerals include: **boron, calcium, chromium, cobalt, copper, iron, magnesium, manganese, molybdenum, potassium, selenium, vanadium, and zinc** in various formulations.  
(Custom formulation available)

## STUDIES HAVE SHOWN THAT CHELATED MINERALS:

- IMPROVE ABSORPTION
- IMPROVE TRANSLOCATION
- REDUCE TOXICITY
- IMPROVE STABILITY
- IMPROVE BIOAVAILABILITY
- PROTECT FROM ADVERSE INTERACTIONS

Chelation is the process of attaching specific organic molecules to a mineral in two or more places to form a ring structure. In the body's natural process of digestion, organic acids and amino acids are used to chelate minerals naturally to help transport them across the intestinal wall. These chelated minerals in different formulations are easily absorbed by the body.

NutraPure™ chelates are fully chelated minerals with maximum stability; NutraMax™ chelates are chelated minerals with the maximum obtainable mineral content.

Formulation (*)	Amino Acid Chelate	Aspartate	Ascorbate	Citrate	Gluconate	Glycinate

Since inception, Novotech Nutraceuticals, Inc. has been continuously building a reputation as a high quality US manufacturer ("Made in California" member) for the pharmaceutical, nutrition, food, and other dietary industries. Our values and R&D capabilities combined with high quality production have made Novotech a respected supplier distinguished from its competition. We are determined to provide the best products and service to our clients. As a manufacturer of over 85 types of chelated minerals as well as a number of innovative products including multiple forms of patented omega-3 powder and chelated non-acidic Vitamin C Nutra-C®, Novotech strives to exceed expectations.
